Letter No 0/103 dated 24th October 1897, from the Officer in charge, Hunsur Commissariat Cattle Depot, to the First Assistant to the Resident in Mysore.

I have the honour to inform you that I visited the Hospital at Hunsur on the evening of the 23rd instant, and found four (4) in patients belonging to the Establishment of the Cattle Depot for whom there were only two (2) cots, one serviceable and the other apparently unserviceable.

2. I was given to understant that the necessary furniture for the use of the Depot Establishment when in this hospital, had long ago been indented for, but none has been received. I would request that the supply be expedited.

3. I would further bring to notice that during the absences of the Hospital Assistant in charge, the Hospital is left in charge of a Compounder, who is a discharged Depôt Bullock Driver. I would ask that a competent man may be appointed as Compounder.

Dear Dr. Benson, H.S.L. 6-21-7

Thanks for your D.O. of the 16 re the Human Dispensary. I have also received your official letter on the subject. It is clear that the furniture required has not yet been supplied. That it has been ordered, is not an information with which the Resident is likely to be satisfied. I would rather not send him such a reply. I hope you will be able to send off the furniture soon and intimate the same time, so as to enable me to write and tell the Resident that the supply has been made.

About the other question (Compounder) I shall write to you as soon as possible.

Believe me,

Yours Sincerely

2. The Superintendent of the Hunsur Cattle Depot now complains that owing to the want of the Furniture, the Hospital Assistant as a rule now treats the Depôt attendants as out Patients, merely giving them medicine, and allowing them to remain at their homes. Needless to state, men now prefer to go sick, and the Depôt work is interfered with. Will you very kindly urge the Darbar to have the necessary Furniture supplied at once.
